

March 2015 Newsletter 2

Notes from the Office of the President

Greetings from the President,

Well fellow bassin' men and women of DFW Bassmasters. It has been a good end to our 2nd March tournament at Lake Tyler. We had a great turnout and many fish were weighed in as well. A special congratulations to another win from our Senior Bass Master, Bennie Anderson. You young bass members take note, we seniors still got it. That's three in a row.

On the Women's side, this was another Lady's day event. Congratulations to Nikki Bruster on taking the victory.

Also, I would like to point out one of our members had trailer winch problems and I saw at least 4 of our members coming to his aid. That's what I call being in service to your fellow members. Thanks to a great group of members. See you at the next event, Lake Texoma...a two day tournament.
