Notes from the Office of the President

Well another tournament has passed at Lake Hawkins. Congratulations goes out to Greg Schmeisser and another title for our Senior's. Good Job Greg. I would like to point out that Greg really made the rest of us look like he was on a different level.

This year it looks by the results of our tournaments that our weights have been low . I can't understand why this year has been such an off year so far. I guess with starting with a drought and now with a flood conditions something changed and the fishing has been different. I know our club is better than our results show. I hope the 4th quarter of our season is better.

Hope to see you at the next event on September 19th at Cedar Creek Lake.
