## Notes from the Office of the President

Fellow DFW BassMasters, we have finished another tournament on our schedule, Lake Tyler. A big congratulations to all our winners, especially Chris Gambelin for winning the tournament. Also for winning Big Bass and the Big Bass Pot with only four fish. A word to our boater fisherman, if our non-boaters ever get a boat, they will be real hard to beat.

I would like for all of you to know that I found Ron Morris fishing for Chain Pickerel. He caught more of them than he did of Bass, and Big ones ! I just didn't have the heart to tell him this was a Bass Tournament, not a Chain Pickerel tournament.

Well again, we were faced with some tuff weather conditions but that's why they call us, the Bassmasters. See yall at Texoma April 16th and 17th.. We will use your best day for standings.

Your President,
