## Notes from the Prez:

Well I can truly testify that I know what it means to go from hero to zero with my results at Lewisville. Congrats to the winners and anyone that caught a keeper! Lake Quitman was just the opposite as we had a lot of large stringers caught. We need more lakes like that on our schedule. Again congrats to those that had the heaviest stringers and for those that actually made it to the ramp! Hope to see u at Ray Roberts. Yours for better fishing. JD. LATER
