Notes from the Office of the President

From Your President DFW BassMasters

Well our 1st tournament for 2018 is in the books. I am glad we won't be fishing that lake again. I don't know how everyone feels about slot lakes but for me I don't like them. You usually end up fishing for all little fish or big ones you miss out on a lot of quality size fish. Congratulations to all the winners. The team of James Bailey & Jon Gilmore are continuing their winning ways. Can anybody stop these guys. Next up Lake Palestine hope to see you there. JD Later
